Have YOU ever considered,

That YOU are an heir of the Prophets?

Featuring a One Day Seminar with Rev. Gaetane Marshall

Come and see what five women prophets have to say to YOUR destiny. Like Elijah, they suddenly emerge on the scene and release words that rock their world.

At their decree atmospheres shift, strongholds shatter
and nations are shaken to the core.

The world is waiting for the likes of these to arise again.
It's time to choose YOUR powerful life.
